

The Australian Youth Climate Coalition

Power Shift Logistics Volunteer

TIME COMMITMENT: 8:00am-6:00pm 13/10/2011-16/10/2011

NUMBER OF POSITIONS: 20

LOCATION: Brisbane

RESPONSIBLE TO: Emily Murray (National Logistics Manager)

Applications are due on Sunday 25 September 2011.

ABOUT THE AYCC AND THE POSITION

Established in early 2007, The Australian Youth Climate Coalition (www.aycc.org.au) unites over 60,000 young Australians and all major Australian youth organisations to build a generation wide movement to solve climate change. We educate, empower, inspire and mobilise young Australians to solve climate change, through short-term political impact and long-term cultural change.

In 2009, the AYCC ran the largest ever youth conference in Australia, the 2009 Sydney Power Shift for 1500 young people. This incredible event kick started a national movement of young people. In 2010, the AYCC took the Power Shift concept on the road, with regional Power Shifts held in Canberra, Adelaide and Geelong for over 500 young people. In 2011 Power Shift returns, this time in Brisbane and Perth, for two inspirational, empowering conferences.

Each Power Shift conference will be a three-day event, with high profile keynote addresses from Australia's foremost climate change campaigners, interactive workshops and skills training, media stunts, social events and grassroots movement building!

Power Shift, like the AYCC, is based upon the passion and dedication of volunteers. We are looking for twenty outstanding young people to help the National Logistics Manager to make Power Shift a reality.

RESPONSIBILITIES

1. Prepare the Power Shift venue with AYCC banners, arrows and room signs
2. Manage the participant registration desk
3. Organise conference materials
4. Answer participants questions during Power Shift
5. Collect special guests from the airport
6. Report problems or unusual activities to the Logistics Volunteer Manager

SKILLS

Logistics Volunteers are the face of the AYCC. They are the first point of contact for participants and special guests alike, so they must have a pleasant, confident manner and enjoy meeting new people. Logistics Volunteers will need to be capable of working unsupervised. We're looking for people who enjoy taking the initiative to fix problems and help the people around them. A current drivers license is also highly desirable. Previous experience working with non-governmental organisations would be advantageous, however, we recognise that the best people may have no formal experience but are quick learners.

APPLICATION PROCESS

Please send a short resume (2 pages max) to Emily Murray, National Logistics Manager at Emily.Murray@youthclimatecoalition.org. If you have any questions about the role, please email them to Emily Murray.
